1. General — The rules, regulations and procedures set forth herein shall be known as the "Calwa Purchasing Policy" and shall, among other things, constitute the policies and procedures required by California Government Code sections 54201, *et seq.* and Public Resources Code Section 5786.15.

The purpose of this policy is to establish an efficient procedure for: (i) the purchase of equipment, general services, maintenance work, professional services, equipment, and supplies at the lowest possible cost, commensurate with quality and service needed; and (ii) for public works projects as required by the Public Contract Code. This will enable the District to exercise positive financial control over purchases, to clearly define the authority for the purchasing function, and to maintain the quality of purchases.

- **Expenditure Authorization** Purchase and contract expenditures must be authorized in the District's annual budget which is adopted by Board Resolution or at levels specified in other resolutions approved by the Board. No purchases may be made unless there is an unencumbered appropriation in the fund account against which such purchase is to be charged.
- **Purchasing Authority** The District Administrator is charged with authority and responsibility for managing and coordinating the purchase of goods, equipment, and services in accordance with this Policy and applicable laws. The term purchase as used in this Policy includes leases. The District Administrator is authorized to develop, customize, and utilize forms and procedures which are consistent with this Policy and State Laws. Purchase authorizations shall be in writing signed by the District Administrator or his or her designee. Such authorization may be satisfied by purchase order, contract, letter of engagement, notice to proceed or other similar signed document describing the materials, supplies, equipment or services and their cost.
 - a. <u>District Administrator</u> Purchases and contracts of less than Two Thousand Five Hundred Dollars (\$2,500.00) may be made and awarded by the District Administrator unless the Board expressly reserves approval on a particular purchase or contract or the District Administrator requests Board Approval.
 - b. <u>Board of Directors</u> Except for emergency purchases and contracts as set forth below, all purchases and contracts of Two Thousand Five Hundred Dollars (\$2,500.00) or more shall be approved by the Board of Directors unless the Board by resolution delegates the District Administrator authority above Two Thousand Five Hundred Dollars (\$2,500.00) for a particular purchase or contract.
- 4. <u>Purchasing Procedures for Contracts Up to \$25,000</u> The following procedures shall be followed when purchasing or leasing materials, supplies, equipment or services:
 - a. \$\frac{\$0 \to \$2,500}{}\$ The District Administrator shall ensure that the District pays not more than fair market prices and receives commensurate value for amounts expended.

- b. \$2,501 to \$10,000 Price quotes must be solicited, either verbally or in writing, from a minimum of three vendors, if available. The low price quote must be confirmed in writing.
- c. \$10,001 to \$25,000 Written specifications describing the delivery schedule, materials, supplies, equipment or services must be prepared. Price quotes must be solicited in writing from a minimum of three vendors, if available. The low price quote must be confirmed in writing.
- d. <u>Emergency Purchases</u> The foregoing procedures for contracts up to Twenty-five Thousand Dollars (\$25,000.00) may be dispensed with in the case of an emergency. An emergency shall exist when the service, repair, or replacements are immediately necessary to permit the continued performance of the operations or services of the District, to avoid the immediate danger to life, health, or property, or to qualify under certain deadlines for grants, financial aid, or extraordinary acquisition opportunities. The District Board of Directors delegates to the District Administrator the power to act under this section, subject to confirmation by the Board of Directors at its next meeting for any purchase in excess of \$1,000.00 and up to \$25,000.00. A written report by the District Administrator to the Board detailing the emergency and reasons justifying the action taken shall be submitted at such meeting.

5. Procedures for Purchases and Contracts Over \$25,000 —

a. General — Bidding procedures in accordance with Section 20815.1 of the California Public Contract Code shall be followed when purchasing or leasing materials, supplies, equipment or services expected to cost in excess of Twenty-five Thousand Dollars (\$25,000.00) or for any public contract for new construction or for any contract for alterations, maintenance or repairs or unrelated materials and supplies estimated to cost in excess of Twenty-five Thousand Dollars (\$25,000.00).

Per Public Contract Code Section 20815.3, bidding procedures shall include, but are not necessarily limited to the following:

- i. Preparation of a notice inviting bids and setting a bid opening date;
- ii. Publication of such notice at least one time in a newspaper of general circulation in the District at least one week before the time specified for receiving bids. The notice shall distinctly state the work to be done;

- b. <u>Board of Directors Authority to Reject, Re-advertise, or Otherwise Award</u> In its discretion, the District Board may do any of the following:
 - i. Reject all bids presented and re-advertise;
 - ii. If two or more bids are the same and the lowest, the District Board may accept the one it chooses; or
 - iii. Reject all bids presented and by a resolution adopted by a four-fifths vote (4 votes), of the Board and elect to contract by force account or elect to purchase the materials or supplies furnished in the open market. .

c. Emergency Purchase Over \$25,000 —

- i. In the case of an emergency, the District, at a Special or Regular meeting, by a four-fifths vote (4 votes) of the Board of Directors may repair or replace a public facility, take any directly related and immediate action required by that emergency, and procure the necessary equipment, services, and supplies for those purposes, without giving notice for bids to let contracts.
- ii. Before the Board takes any action pursuant to paragraph (i) above, it shall make a finding, based on substantial evidence as set forth in a resolution or in the minutes of its meeting, that the emergency will not permit a delay resulting from a competitive solicitation for bids, and that the action is necessary to respond to the emergency to safeguard life, health, or property.
- iii. If the Board orders any action specified in (c) (i) above, the Board shall review the emergency action at its next regularly scheduled meeting and, except as specified below, at every regularly scheduled meeting thereafter until the action is terminated, to determine, by a four-fifths vote, that there is a need to continue the action.
- iv. When the Board reviews the emergency action pursuant to paragraph (b) (iii), it shall terminate the action at the earliest possible date that conditions warrant so that the remainder of the emergency action may be completed by giving notice for bids to contractors.
- 6. <u>Consultant and Professional Services</u> In accordance with section 4526 of the California Government Code, selection of consultant and professional services including but not limited to architectural, landscape architectural, engineering, environmental, land surveying or construction management firms, and law firms shall be on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. Such contracts are not required to be awarded to the lowest bidder. A request for proposal or request for qualification process will be followed unless the Board authorizes otherwise.
- 7. <u>Sole Source Special Circumstances</u> The foregoing purchasing procedures shall not apply where the District Administrator determines that one or more of the following circumstances exists: related construction or repair completion dates cannot be met; patented, licensed or proprietary materials or services are required; compatibility with existing equipment is necessary;

or prior experience has proven that a particular make or type of equipment, material, supply or service is more satisfactory or economical for District purposes.

When the District wishes to purchase a product over the Twenty-five Thousand Dollar (\$25,000) bid limit from a sole source without competitive bidding as required by Section 5 above, a sole-source resolution is to be prepared and submitted with a Board agenda item. In order to establish a legal basis for a sole-source exception, the following statements and findings must be made and set forth in every sole-source resolution:

- **8.** Prevailing Wages For contracted public works projects in excess of \$1,000, prevailing wages shall be paid in accordance with section 1771 of the California Labor Code.
- **9.** <u>Conflict of Interest</u> No person shall recommend, participate in, or authorize a purchase or lease which would constitute a conflict of interest as defined in the District Conflict of Interest resolution or applicable state law.

Calwa Recreation and Park District 4545 E. Church Avenue Fresno, California 93725

To the board of directors and management:

We are pleased to confirm our understanding of the services we are to provide Calwa Recreation and Park District for the year ended June 30, 2017. We will audit the financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of Calwa Recreation and Park District as of and for the year ended June 30, 2017. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Calwa Recreation and Park District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Calwa Recreation and Park District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The Management's Discussion and Analysis RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited.

Audit Objective

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the first paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of Calwa Recreation and Park District's financial statements. Our report will be addressed to the board of directors and management of Calwa Recreation and Park District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall

presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards. In addition, an audit is not designed to detect immaterial misstatements, or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors are limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Calwa Recreation and Park District's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

Other Services

We will also prepare the financial statements of Calwa Recreation and Park District in conformity with U.S. generally accepted accounting principles based on information provided by you. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

Management is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with U.S. generally accepted accounting principles.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws and regulations.

You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

You agree to assume all management responsibilities for financial statement preparation services and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

Mr. Felix Ortiz District Administrator Calwa Recreation and Park District 4545 E. Church Avenue Fresno, California 93725

Re: Workers' Compensation Resolution for Governing Body Member and/or Volunteer Coverage

Dear Mr. Ortiz,

Recently our excess carrier has made us aware that SDRMA Workers' Compensation (WC) members need to pass a **new Resolution** if they would like to <u>continue</u> (or start) covering their Governing Body members and/or volunteers.

Section 3363.5 of the California Labor Code provides that a person who performs voluntary service for a public agency as designated and authorized by the Governing Body of the agency or its designee, shall, upon adoption of a Resolution by the Governing Body of the agency so declaring, be deemed to be an employee for workers' compensation purposes. Thus, if such a resolution is adopted, and the volunteer is injured while performing duties for the agency, the volunteer is entitled to receive workers' compensation benefits and their exclusive remedy for recovery against the agency is through the Workers' Compensation system.

Such Governing Body members and/or volunteers may be covered for workers' compensation benefits only if a Resolution to that effect is adopted by the Governing Body pursuant to Labor Code § 3363.5 and a copy of the Resolution is filed with SDRMA.

A new Resolution (see attached) has been created by our coverage counsel. The Resolution permits your Governing Body to designate the various categories of persons who the agency desires to "deem" to be employees for purposes of workers' compensation. It declares, on a blanket basis, that the designated categories of volunteers are deemed employees and those categories consist of Governing Body Members, persons performing voluntary service, persons on work study, interns, and other volunteers. In addition, those so designated persons also need to be listed under our Workers' Compensation Program (which includes paying an annual contribution amount) to enable coverage.

When using the sample Resolution provided, please do <u>not</u> make any changes other than the areas highlighted in yellow. To ensure accurate and timely implementation of your Resolution, please return your Governing Body approved Workers' Compensation Resolution as soon as possible by fax or email. A Microsoft Word version of the sample Resolution can be downloaded at http://www.sdrma.org/program-coverages/workers-compensation-program. If your agency has any questions please contact Ellen Doughty, Chief Member Services Officer, at 800.537.7790 or edoughty@sdrma.org.

Sincerely,

Special District Risk Management Authority

Gregory S. Hall, ARM Chief Executive Officer
